

Models Adapt Series Tables (Crest, Rectangle, Trapezoid, Wave and Ying)

Parts Listing

Assembly Notes:
During assembly, hand tighten screws only. When all screws are in place, you may then tighten all screws completely.

CAUTION:

1. Do not use this table as a step ladder.
2. Check for loose screws and tighten them every 6 months.

Assembly Instructions

Tools Needed: Phillips Head Screwdriver
Please read all instructions before assembly.

Step 1: Place Table Top (A) upside down on a clean, flat surface. Place Legs (B) upside down onto Table Top (A) as shown.

Step 2: Attach each Leg (B) to Table Top (A). Make sure indicator hole on the leg base faces the center of the table. Attach by inserting four 6x16mm Screws (C) through the 4 holes in the base of each leg (B).

Step 3: Adjust the height of the table by aligning it to the desired hole on the leg. Secure it using 6x12mm Screw (D).

Optional: Attach optional casters (G) if desired.

To attach multiple tables together:

Place tables together in desired configuration. Use Connector Plate (E) by aligning two holes on one table with two holes on the other table. Secure Connector Plate (E) with Thumb Bolts (F) as shown in step 4.
